Volume 9. REDCLIFF, ALBERTA. THURSDAY, JUNE 5, 1919. Number 23.

OPENING OF G.W.V.A. ROOMS GREAT SUCCESS

Ceremony Held Last Tuesday Evening—Large Crowd in Attendance and All Are Enthusiastic —Club Presented With Two More Chairs.

If the large crowd which attended the opening of the G. W. V. A. rooms here last Tuesday evening, and the interest and enthusiasm shown on all sides are any criterion, a brilliant future is in store for that association in this town. The large club rooms were filled to capacity for the occasion and the spirit of good will and well wishes which permeated the gathering leaves no doubt as to the important part this association will play in the future welfare of the town and district.

Promptly at the hour appointed to start the proceedings, Capt. C. S. Pingle, M. P. P., honorary president of the association, called the gathering to order and after a few introductory remarks, called on the president, R. S. Hodge, to address the meeting. Mr. Hodge briefly outlined the causes which led up to the decision to form such an association in Canada and in a very interesting manner reviewed the aims and objects of the association. On behalf of the local branch he thanked the citizens of the town and district for the assistance and encouragement they had given the boys so far, and he expressed the hope that the association would merit a continuance of that support in the future. He assured his hearers that they need have no doubt as to the part the association was to play in the future affairs of the country. It was conceived in a spirit of duty and when it ceased to be an influence for good in the community it would cease to exist.

In his remarks as chairman, Mr. Pingle referred to the many problems facing the country at the present time and more especially to the problem of getting the returning soldiers back into civilian life. In an interesting manner he referred to the life of the soldier when in the service, drawing attention to the great difference between that life and the civilian life. Because of this great difference it should not be expected that the boys who were over there would return to civilian life without effort. On account of this he especially appealed to employers of labor to keep this fact in mind, assuring them that they occupied before enlisting.

Mr. Mitchell, of Calgary, who is connected with the provincial department for the employment of returned soldiers, was in the audience and was called [illegible]. He complimented the local branch on their excellent club rooms and the great success of their formal opening and assured the officers and members that the department which he represented would do everything possible to assist them in finding employment for the returning boys.

In his remarks as a representative of "the cloth" Dr. Shearer said: The war did one good thing for the church. It broadened the church and it broadened its ministes." To substantiate this remark he referred to many interesting incidents which he himself had experienced in his work in connection with the lating of soldiers' hospitals and in coming in contact with the boys in many other ways. He congratulated the returned men for the good work they had already accomplished in Canada and expressed the hope that the Vterans' Association would long exist as an influence for good in the community.

On behalf of the Red Cross Society E. L. Stone was called upon to present the Veterans' Club with two handsome arm chairs, donated by members of the local branch of the Red Cross. In making the presentation he said that the ladies of the town who had worked untiringly to provide comforts for the boys while they were in the trenches, were also anxious that they should be as comfortable as possible in their new club rooms. Donald McLachlan acknowledged the gift on behalf of the G. W. V. A. and thanked the donors for their thoughtfulness and kindness.

During this part of the proceedings instrumental music and songs were rendered by C. D. Scott and Colin F. MacLean. These were well rendered and thoroughly enjoyed.

For the second part of the evening program tables were placed in order and an interesting whist drive was indulged in. After about an hour's play the tally cards were collected and the scrutineers found that Mrs. T.S. Kops had won the ladies' prize and C. T. Hall had the highest score for the gentlemen. The consolations went to Mrs. W. Gray and O. McKay.

A dainty lunch provided by the Ladies' Auxiliary, was then served, after which the most successful formal opening of the G. W. V. A. club rooms in Redcliff was closed by singing the National Anthem.

Dates Are Set For Redcliff Chautauqua

Notices have been received this week by citizens of Redcliff and district who are the guarantors for the Chautauqua which is to appear here again summer.

According to these notices the Chautauqua will be held here this year from July 23 to the 29th and the list of attractions mentioned would indicate that this year's will be by far the best Chautauqua we have ever had. Sergt.-Maj. Carnie, president of the Australian War Veterans' Association; Ng. Poon Chew, one of China's greatest orators and thinkers, and Sumayeh Attiyeh, a Syrian lecturer, will be among the leading speakers for the occasion. The Craven Concert Company, the Canadian Overseas Orchestra, and the Serbian Tamburina Orchestra, are among the musical attractions.

A meeting of the guarantors will be held in the near future to make the necessary arrangements. All interested should make it a point to attend this meeting.

U. F. A. Locals to Attend Service Here

Members of the committee appointed by the different U.F.A. locals of this district were in town last Saturday completing arrangements for the public service to be held here on Sunday, June 15th.

The service will be held in the Amuse-U theatre and will commence at three o'clock in the afternoon. Dr. Shearer will conduct the service.

As this is the first of what in future will be an annual event it is hoped that townspeople and country people alike will endeavor to make it the great success that the movement deserves.

Piano Recital Here On June 10th

A musical treat is in store for citizens of Redcliff on Thursday, June 12th. On that date the pupils of Mrs. Ruggles' and Mrs. Dobbinn's classes will give a recital in the Amuse-U Theatre commencing at eight o'clock in the evening. Bert White, of Calgary, who is a clever violinist and a pupil of Murse LePlat, will be present and assist in the program. An admission fee of 25c will be charged and tickets may be secured from members of these classes. Everybody is invited to attend.

Two Branches of U.F.W.A. Formed

Bowell and Harvest Vale Ladies Organize

At the last meeting of the Harvest Vale U. F. A. local a branch of the U. F. W. A. was organized and the following officers elected:

Mrs. Forbes Schram, president.
Mrs. George Dixon, vice-president.
Mrs. P. H. Wedderburn, sec.-treas.

At the meeting of the Bowell U. F. A., held on Saturday, May 31st, a branch of the U. F. W. A. was also organized. The officers elected were:

Mrs. Geo. Lemon, president.
Mrs. H. H. Hanson, vice president.
Mrs. A. C. Godard, sec.-treas.

As Breezelawn local has already organized, the only local to organize a U. F. W. A. in the vicinity is the Maple Leaf and we understand Mrs. N. C. Larson is doing everything possible to interest the ladies of that local to join, and if possible to attend the meeting to be held on Wednesday, June 11th, to organize.

It will be our endeavor to get every farm woman and man to join the various branches. We need the assistance of everyone to make this the most complete organization on the continent, so join us.

The next meeting of the Harvest Vale local will be held on Thursday, June 12, and that of the Bowell local on Saturday, June 14th, both commencing at 8 p. m. The members of these locals are requested to hand in their requirements for binder twine so as to get an estimate of the quantity necessary. Let these two meetings be the record for attendance.

Boy Scouts to Meet Here on July 1st

At a meeting of the Boy Scouts executive for this district which was held in Medicine Hat last Monday evening, it was decided that the several scout brigades in the district meet in Redcliff on Dominion Day, July 1st, for their annual sports day outing.

As representatives from all the centres in the district where there are Boy Scout associations, were present at the meeting, and as all signified their intention of being present for the occasion in full force, there is no doubt that a large crowd will be in attendance and that a gala day of sports will be arranged for the occasion.

We understand it is the intention of the local scouts to arrange to take in the big meet in Banff in August if the necessary financial arrangements can by made. This being the case it is up to our citizens to give the boys every possible assistance.

Ag. Soc. Directors To Meet Wednesday

As there is some business of importance to be attended to at once there will be a meeting of the directors of the Agricultural Society held in the Review office on Wednesday June 11th, commencing at 8 o'clock in the evening. All directors are requested to be present at this meeting.

G. Worts to Fill Vacancy on Council

Nominations for candidates to fill the vacancy on the council caused by the retirement of W. Perrins, took place in Crowe's hall last Monday morning. Geo. Worts was nominated by P. Broughton, M. Gilbanks and W. Keats and as there were no other nominations the Deputy Returning Officer declared Mr. Worts elected by acclamation.

Produce in Demand In Old Country

Market reports which will serve to guide Canadian exporters and farmers show that livestock in Great Britain is in keen demand. The Board of Agriculture's weekly returns for the middle of April show that prices for nearly all meat animals are maintained, especially for store cattle, though qualities very considerably. From several market centres the reports were that the supply was not up to standard, and that sheep showed no improvement, as many lots were marketed in unripe condition owing to wet weather and the shortage of artificial foods. The same shortness marked the reports on hogs, of which all classes were selling well. At Shrewsbury some Angus cross bullocks made up to eighty-eight shillings $(21.12) per cwt. live weight, while at Birmingham the live weight price for hogs ranged about twenty-one shillings per score ($3.52 per stone of 14 lbs.). Prices everywhere showed an upward tendency. The same shortage was reported in provisions, especiall butter and cheese.

GOOD MEETING OF R. & D.W.A. AT BOWELL

Good Crowd in Attendance and Pleasant Evening Spent—Members of U. F. W. A. Also Attend and Supply Refreshments.

Despite the several counter attractions there was a good turn-out at the meeting of the Redcliff and District Welfare Association held at Bowell last evening. Redcliff was not as well represented as usual so far as numbers go and Box Springs was not represented at all. The convention of the Retail Merchants Association which was in session at Medicine Hat attracted a number to that city but notwithstanding all this about sixty turned out to the Bowell meeting.

It was a very pleasant surprise to the visitors to find on arriving at the hall that a number of ladies from the surrounding district were present for the meeting. Bowell has recently organized a U. F. W. A. and the presence of the ladies on this occasion shows that they are taking an interest in the get together movement.

In the business arising out of the minutes of the last meeting, the president reviewed the work which had been done by the several committees as authorized at the last meeting. All this had been successfully attended to with the exception of the securing of rural mail delivery for the Box Springs district. In this matter the post office department wrote stating that nothing could be done along this line at present as the excuse in connection with it would not warrent the government in taking this step.

Regarding the proposed ferry across the Saskatchewan river south of town, the president reported that he had had an interview with the local representative and Mr. Pingle informed him that the Minister of Public Works would be in this district in the near future for the purpose of giving thoroughly into the matter and seeing what could be done in this connection.

It was reported that the C. P. R. already had material on the ground for the purpose of building a loading platform at Redcliff and that work on the erection of same would be proceeded with as soon as possible.

The Agricultural Fair committee reported that they were unable to secure a grant from the provincial government for a fair in Redcliff as these grants were only given to points at least fifteen miles apart. There was some discussion as to the advisability of changing the location of the fair to either Bowell or Box Springs in order to get the grant, but a motion to leave the deciding of this matter with the directors was passed.

The secretary was instructed to write the construction department of the C. N. R. asking that a siding be placed on the Hanna branch on the S.W. quarter of sec. 24-14-7.

There was a lively discussion on the curse to the country of growing carelessness with regards the spreading of weeds. Judging from the expressions of opinions and the feelings of the farmers in this regard it is their intention to take the law in their own hands if there is not a little more lively time in the weedy districts this fall.

D. W. Brown, president of the Dauntless Manufacturing Company, was present and was called upon to address the meeting. He complimented the people of the town and district for forming the Redcliff and District Welfare Association and said he considered the get together spirit shown at these gatherings one of the very best ways of facing and settling the many questions which are confronting the people concerned. He said that one of the greatest needs of the people today was "confidence." Confidence in the country and confidence in each other. With the cultivation and practice of that spirit between labor and capital, employer and employee, farmer and merchant, many of the difficulties and misunderstandings now existing would speedily vanish.

At this stage of the proceedings one of the local members announced that refreshments were to be served and when they were passed around it was not hard to detect that the U. F. W. A. had "a finger in the pie." As the proof o' the pudin' is the eatin' o' it, there is no doubt that the appetising lunch provided was thoroughly enjoyed.

A vote of thanks was tendered to the U. F. A. and W. A. of Bowell for the excellent evening's entertainment provided, after which representatives of the Harvest Vale U. F. A. extended an invitation to meet with them next month. The date for this meeting will be announced later.

LOCAL BRANCH G. W. V. A. NOTES

The opening ceremony was, without doubt, a success and an event which will be long remembered by those who were present. The editor, in another column, will give you a detailed account of the event.

Will the ladies of the local Red Cross Society please accept the sincerest thanks of the members of the Association for the two very handsome chairs which were presented by them for their club rooms. Your efforts during the war did more than we can tell to cheer us when experiencing the hardship of war and to alleviate the sufferings of the wounded and now that the war is over you are still mindful of us. We thank you.

During the week we were the recipients of four beautiful ferns donated by Mr. Manfield. Will that gentleman please accept the thanks of the members of the association.

We also wish to thank Mr. Geo. Lydiatt for the sum of $25.00, and Capt. C. S. Pingle for a like sum.

The regular general meeting of the members of the association will be held on Sunday, June 8th, at 3 p. m. All returned men are cordially invited to attend.

Special Attraction for Calgary Exhibition

The program arranged for the Calgary exhibition which takes place June 28th to July 5th, is without doubt the best ever presented, while the facilities for taking care of the visitors, as well as the exhibits, will be greatly enhanced by the new concrete grandstand and cattle pavilion now in the course of construction. The new grandstand will seat 6,000 people and the cattle building will provide judging and sale arena as well as stabling accommodations.

The attractions for the 1919 exhibition include such splendid features as John Phillip Sousa and his band of 55 musicians and two vocalists; passenger arrying and stunt flying by two overseas aviators, Capt. Fred McCall, D. S. O., M. C. with bar, D. F. C., of Canary, and Capt. W. May, D. F. C., of Edmonton; several high class vaudeville acts; automobile and horse races.

The prize list is now ready for distribution and copy of same may be had upon application to the manager E. L. Richardson, Victoria Park, Calgary. Entries close June 13.

Metal Trade Will Fight Own Battles

President R. C. Brown, of the Metal Trades Council of Toronto issued a notice to the workers of various unions who went out on strike in sympathy with the metal trades workers, advising them to return to work.

Mr. Brown thanked them for their sympathetic action, but said that nothing could be gained by their remaining out longer, and the men of the metal trades preferred to fight to their own battle from now on.

War Savings Stamps give you a stake in Canada.

Saskatchewan has 113,917 foreign-born males 18 years of age and over, 64(996 of whom are naturalized, as shown by the report of the Canada Registration Board.

TWO MORE REDCLIFF BOYS RETURN HOME

Sam Benson and Wm. Cowell Among Latest Arrivals—Both Were Wounded—Cowell Had Clever Operation.

Privates Sam Benson and Wm. Cowell, the two Redcliff boys who returned from overseas this week were not so fortunate in escaping the Hun shells as were a number of others who have already returned. Benson was wounded at Mercourt in March, 1918, as the result of which he lost the ends off two fingers on his left hand. In the fierce fighting at Vimy Ridge where the Canadians won a notable victory, Cowell was badly wounded by the bursting of a shell. He was struck on the chin and jaw and the lower part of his face was practically severed in two. When he was taken to the hospital in England a very critical operation was performed. It was found that part of the lower jaw was gone and a portion of one of his ribs was taken out and grafted onto his jaw and flesh was taken from another part of his body to cover the bone. The operation was quite successful but Mr. Cowell is to return to Montreal where the same doctor who attended him in England will perform another operation with the hope of making still more improvements.

Although Benson left Canada with the 3rd C. M. R. and Cowell left with the 63rd, both these young men went through a number of the same battles. They were through Meaines, Ypres Somme, Passechendale and Vimy Ridge. At the last named place Benson had some narrow escapes. He was completely buried on four different occasions and the fourth time he was just rescued in time to save his life. On another occasion he was one of forty who got separated from their battalion and was completely surrounded by the enemy. It was a case of fight their way out or surrender. They fought but the only twenty-four of them came through alive. On this occasion he was reported missing.

Both these young men were working in Redcliff at the time they enlisted.

Germany's Financial Offer is Surprise

The atmosphere in peace conference circles was full full of speculation as to the possible modifications in several clauses of the treaty with Germany, but nothing tangible is expected to develop until the outcome of the joint meetings of Allied experts becomes known. It is expected some of these meetings will be held tomorrow.

At the meeting of the Council of Four, President Wilson made another effort to bring about an agreement as to the principle of the reply to the German counter-proposals, but the meeting ended without any agreement. It is understood that Premier Clemenceau main maintains a firm attitude against any revision of the treaty.

The German counter-offer of 100,000,000,000 marks as an indemnity surprised some of the entente financiers, who all along had believed that the chances of getting much more from Germany were not particularly good, but who now think that with slight concessions as to payment of interest which is not included in the German proposal, the offer is perhaps acceptable.

These experts argue that from the standpoint of world credit arrangements it might be better to base the future financial plans of the entente governments upon a definite sum of 100,000,000,000 marks voluntarily offered than upon an indefinite assessment, which the Germans might accept only under protest.

That Bolshevist money, printed on revolutionary presses either in Russia or some other place, is behind the disturbances in the west, is the opinion of a highly-placed trades union leader in Montreal who has exceptional sources of information. He declares that Winnipeg is flooded with American five-dollar bills. Where does that money come from? he asks, and propounds the above theory.

ONE BIG UNION.

Those who have been following the trend of events for the past few months in Canada must surely have come to the conclusion ere this that the time is now ripe for our people in all walks of life to awaken from their apparent lethargy and get into the real game of life. There is important work for all to do and all must shoulder his and her share of that work if the best results are to be accomplished.

There must be a uniting of forces under one head. A one big union so to speak. But not a one big union as it is known today, and which is advocated by a certain element who would form themselves into an autocracy that would make Russia look like a pea on a pumpkin. Rather a one big union that would take in the clergyman and clerk, the lawyer and the laborer, the doctor and the druggist, the merchant and the mechanic, the butcher, the baker, the teacher, the taught, the printers and the plumbers; a union that would have as its object the development in its members of the art of living together in the spirit of the Golden Rule, to apply the principals of human brotherhood and co-operation in our relationship each with the other and to make this a better country in which to live.

We have great problems to solve, grave injustices to redress, and wrongs to right, but these things cannot be accomplished by hanging on to one another's throats or by rough house methods of any description. A united people, a true democracy, does not tolerate an autocracy of any minority no matter what part of the community that minority may represent.

The solution of all our troubles depends upon combined common sense and determined action, through constitutional methods and peaceful means.

A GOOD START.

Dominion lands held under homestead entry by aliens and others whose duties are in default will be checked by the Dominion Lands Agents and action taken to make them available for soldier settlement, says a statement issued by the Soldiers' Settlement Board.

This action is the result of conferences between the Department of the Interior and the Soldier Settlement Board. It also has been decided to check up land held under temporary reservations which might now be discontinued.

The Soldier Settlement Board will take steps at once to enlist the co-operation of municipalities in ascertaining from local sources information concerning such lands. Where a declaration is received from an officer of the Board corroborated by two neighbors, or from the secretary-Treasurer of the Municipality, corroborated by one neighbor cognisant of the facts, substantiating the claim that the duties are in default, the Dominion Lands Agents will thereupon institute cancellation proceedings. If the entrant puts up a defence the agent will investigate. Lands cancelled in this way will be opened to soldier entry only.

WHAT'S THE USE.

In an address at Ottawa on May 6, before members of the senate and house of commons, Vilhjalmur Stefansson, the Canadian Artic explorer, presented a scheme for converting the Arctic and sub-Arctic regions of Canada into a great wool, milk and meat producing area.

The Stefansson scheme involves the introduction of large herds of reindeer into the Canadian north, and the domestication and development of large herds of musk ox. Both these animals will furnish a milk and meat supply. The musk ox in addition will furnish a wool supply.

Those who have been of the opinion that all this exploration business in an endeavor to locate the north pole was a farce may now change their minds if this scheme works out. On the other hand, if there are any people living in those regions and if they are familiar with the way these commodities are handled in more civilized centres, they will not welcome the commercializing of their food supplies They will see that it will simply add to the "high cost of living" problem to their already long list of handicaps. Nor so far as Alberta is concerned do we see how the scheme is going to help us any. We are already in the heart of the greatest cattle country in the world, with immense herds of beef cattle at our very doors, yet we pay more for a roast of beef in Alberta than it costs to buy a roast of Alberta grown beef in London, England. So what's the use.

The report was brough to town today that several dogs from Redcliff had paid a visit to the Experimental Farm just east of here, and had killed three sheep and eleven lambs. This is a serious matter and as owners of dogs are rssponsible for any damage that they do, it should be a warning to dog owners to keep a little closer watch add the "high cost of living" dogs chasing and worrying domestic animals is one that grows and cases have been known where one bad dog will teach the habit to whole communities of dogs. The only safe way to stop the growing of the habit is either to destroy the bad dogs or keep them chained up. Since this report reached town farmers and townspeople are wondering how the dogs knew there was an experimental farm in this district.

Further proof of the result to Canadian trade of the new British policy of preference to goods from within the Empire is supplied by a cablegram received by the Canadian Trade Commission at Ottawa from the Canadian Mission in London, in reply to an inquiry concerning the pulp and paper trade position. The cable states that a general effect of the new regulation is to limit considerably the importation of writing and printing paper, newsprint, cardboard, and stationery from foreign countries, and adds textually: "The new paper regulations do not effect Canada."

An interesting feeding trial of winter lambs has just been finished at the Experimental Station, Morden, Man., says a bulletin issued by the Department of Agriculture. The results go to show that where proper arrangements are made for the care of the young lambs their feeding pays as well as any other line of the sheep industry, and better than many phases of live-stock work.

In the year before the war Germany sold goods valued at $335,000,000 to the British Empire. Canada's opportunity to get a large share of this is waiting for Canada's action--that is the opinion of the Canadian Trade Commission.

A huge market for Canadian farm produce exists in Great Britain where, according to the Canadian Trade Commission, our imports only amount to 1½ per cent of the eggs consumed; 2½ per cent of the butter, and 2½ per cent of the beef.

From May 2 the entry to Canada of immigrants of the Doukhobor, Hutterite, and Menonite class is prohibited by an order-in-council passed on May 1st. This is one good bit of work the G. W. V. A. is already responsible for.

The great success of the opening of the G. W. V. A. club rooms here last Tuesday evening and the very evident enthusiasm and interest shown on all sides, augurs well for the future prosperity and influence of this association in this town.

HEALTH INSPECTION IN PUBLIC SCHOOLS

Fee Charged is Very Small and Work Will Have Far-Reaching Effect on the Health of the Coming Generation.

It is of prime importance that school trustees should avail themselves of the services of the Public Health Nurses, who, next week, shall be stationed in different centres in the Province to conduct child welfare stations and to inspect the children attending school. Although for years it has been optional with the trustees in rural school districts to have medical inspection of the children attending school, but a small percentage of the schools have ever been so inspected. To render this service more general and at the same time to reduce the expense to School Districts, registered nurses, by means of a special course of instruction given at the Provincial University, are being qualified to do this work. In the various cities, towns and villages throughout Canada where there is inspection of schools by doctors and nurses, about forty per cent of the children are found to have ailments that are prejudicial to health. Although the legislature did not make such inspection compulsory in rural schools, it is inconceivable that any board within striking distance of where a nurse inspector is located will do aught else except send a request at once that the school be inspected. The Department of Health is bearing about one-half of the whole expense.

It trains the nurses, pays their salaries and living expenses, and the school district is asked to pay only a maximum of $20.00 with a minimum of $10.00 for such inspection of all children attending any rural school. There is heavy demand from various parts of the province for such inspection. There are only twelve such specially trained nurses in the province. Ten will be placed at particular centres and two will probably be given each a roving commission.

The necessity of such inspection may be illustrated by the average result of such inspection in 1910 of the schools of the leading cities in the United States, where on an average of 1,000 children inspected it was found that there were defects and ailments actually injurious to health at the time of inspection in the following number of children, as to teeth, 415; throat, 201; eyes 158; nose 108; glands 118; ears 30.

Professor Osler, recently addressing the Academy of Medicine in London, England, said: "If I were asked to say whether more physical deterioration was produced by alcohol or by defective teeth, I should say by defective teeth."

If school trustees are in any doubt as to the beneficial result of the inspection of their school by a nurse inspector, they are advised to write the Secretary-Treasurer of any school thus far inspected. There were only four nurses heretofore qualified. They inspected a number of schools last year and there, among others, Coaldale Consolidated, Crystal Lake, Beaver, Pioneer, etc., near Lethbridge; Scottfield Consolidated, Rainbow, Keystone, and others near Youngstown; Killam, Poplar Park, Asquith, etc., at or near Killam; Vermillion, Centre, New Mannville, Bowling Green, etc., at or near Vermilion.

Several towns and villages are now co-operating with the trustees of the surrounding districts so that a nurse may be stationed to conduct child welfare work and to inspect the schools and give health talks in every district. The Minister of Health has found that while the fee of from $10.00 to $20.00, according to attendance, is considered very reasonable as to rural school districts, the straight maximum charge of $20.00 per room in the towns and villages is considered excessive, and the Minister agrees that it is excessive. He has therefore written all parties interested and stated that for their effort in co-ordinating the work that to any town or village that secures co-operation of at least ten rural school districts, that is inspection and furnishing transportation for the nurse, he will allow such town or village a deduction and the amount such town or village will be required to pay will be $20.00 for the 1st room and only $10.00 for each other room. Thus in a five-room-village or town school the payment will be $60.00 (not $100.00). The Minister holds that he can observe the statute by giving the trustees a receipt for the remaining $40.00 for services rendered he department and similarly in all cases, no matter what is the number of rooms. It should be clearly understood, however, that no nurse will be placed at any centre to do child welfare work, except in connection with school inspection. It is hoped that the eight graduating nurses will commence work next Monday.

The average parent in the province is alive to the necessity of thorough inspection of all school children, lest one of his children may be desk-mate to a child afflicted with a communicable or other disease. In some school districts it has been found that there are forty rate payers and only a few children attending school, therefore the minimum fee of $10.00 applies and, therefore the cost to each rate payer is but 25 cents. It seems clear that as to any trustee who does not bestir himself and immediately arrange to have his school inspected, his service as a trustee will not long be required in any district. Requests have come from several districts to recall trustees who are not active in taking steps to secure school inspection.

The public school inspectors are very enthusiastic over this work and are will ing to give all the assistance they possibly can to assist in the necessary organization or in any other way.

F. H. COURTNELL,
Secretary-Treasurer
Town of Redcliff

Dated this 2nd day of June, 1919

Canadian women are displaying a remarkably alert interest in the proposal made to them collectively a few weeks ago by the Canadian Trade Commission to favor Canadian-made goods in their purchases for the home, according to a statement given out by the commission.

Half a dozen men are in custody in Chicago as bomb suspects following a night of activity by the federal agents and city detectives. Anarchistic pamphlets have been found and in one place explosives were discovered.

CHURCH NOTICES

PRESBYTERIAN CHURCH.

Rev. Wm Shearer, D. D., Pastor. Residence next door to the church.

Morning service at 11 o'clock. Subject: "Hallowed be Thy Name." This is the third of a series of discourses on The Lord's Prayer.

At the evening service "The Message of the Canadian Chaplain of the Overseas Military Forces to the Churches of Canada" will be read. As this message was compiled by the leading ministers who went over to the front its reading will be of great interest to the congregation.

Sunday school as usual at 12.15.

CHURCH OF THE BRETHERN.

In Crowe's Hall.)

Sunday school at 10 a. m.

Preaching at 11 a. m. and 7.30 p. m.

CATHOLIC CHURCH.

Until further notice services will be held in Crowe' hall on the fourth Sunday of each month.

Evening service 7.30 o'clock.

CHURCH OF ENGLAND.

Whit Sunday —Holy communion 8 a. m. Evening prayer 7.30 p. m.

Holy communion at Alderson 11.30 a. m. Evening prayer 3 p. m.

DECREASE IN UNEMPLOYMENT.

Despite the large number of returned soldiers that were absorbed by the various industries, there was an appreciable reduction in the amount of unemployment during April as compared with the previous month, according to statistics compiled by the Labor Gazette. There was considerable depression in the coal mining industry in the west, but there was a very strong demand for farm labor and high wages were being offered as an inducement for men to go on the farms. A considerable amount of municipal work was started in order to relieve the situation.

Bow Valley farmers are fully united on the policy of political action in both federal and provincial fields. And the convention they held Monday was a most enthusiastic affair from start to finish.

PLATFORM NOT PARTY.

WOMEN OF CANADA.

You are now citizens!

You have the privilege and the opportunity of expressing yourselves—indirectly—by your vote.

You have a duty and an obligation to so express yourselves!

If the women voters of Canada should merely fall into line behind two political parties, their partisan vote would not help the country, indeed, it would be but an added burden—by necessitating an extension of the machinery for voting and increasing the money cost of the same. On the other hand, while it is not desirable to form a woman's party it is obvious that the are certain principles which should demand the support of women of both parties.

This was in brief the conclusion of the executive of the Nations' Council of Women at its March meeting, where members from various provinces and of all shades of politics were present.

It was therefore agreed to give an opportunity to the women of Canada to express themselves as to what, in their opinions, were the most urgent and fundamental of these principles or objects and then sum them up in what might be called a Canadian Woman's Platform.

A committee was arranged with representtives from each province with sub-committee of the whole at Ottawa to carry out this plan. It is, therefore, greatly desired that every group of women, every individual woman, who has thought, or is thinking of the vital needs of social reforms in Canada, will send their opinions in concise form as speedily as possible to the convenor of the committee, Mrs. Adam Shortt, 5 Malborough avenue, Ottawa, in order that this woman's platform may be ready for presentation at Regina in June.

Thirft Stamps make thrifty children.

German business is preparing to accept the challenge of European and American industry to a commercial battle for the world's markets, the moment peace is signed, according to information received from London.

Have Your Job Work Done at Home

The Review now has every facility for turning out High Class Job Printing Work and there is no longer any reason why muanfacturers, merchants and others should send their orders out of town.

Give us a Trial Order and be Convinced

We have the stock, machinery, type, equipment and power, and can turn out up-to-date work promptly.

If You have a Job of Printing Call Up No. 9. We will do the rest

We have the agency for Counter Check Books.

And, by the way, How About Your Sucscription?

The Redcliff Review. Third Street

NEW TIME TABLE
FOR C. P. R. TRAINS.

The following is the new schedule of the C. P. R. which goes into effect on June 1st, giving a list of the time trains pass through here after that date:

GOING EAST.
No. 3 leaves Redcliff 1.30 p. m.
No. 13 leaves Redcliff 10.50 p. m.
GOING EITST.
No. 4 leaves Redcliff 8.30 p. m.
No. 14 (flag) leaves Redcliff 4.40 a. m.

This is railroad time, which means that in all cases trains run one hour earlier than town time.

ITEMS OF LOCAL INTEREST

Dr. Shearer is sporting a fine car these days.

* * *

Dutch Sets and Multipliers 19c a pound at The Broadway Department Store. **

* * *

C. V. Gibson, who has been west putting in the crop on his farm, returned home last Friday.

* * *

The C.P.R. station agent informs us that the restrictions on telegraph messages to Winnipeg were lifted today.

* * *

Mrs. J. Ferguson provided the ladies first and consolation prizes for the whist drive after the opening of the Veterans' club rooms.

* * *

There will be meeting of the Red Cross executive next Tuesday. A special meeting will be called the following week, announcement of which will be given in our next issue.

* * *

Mrs. A. J. Nicholson, with ticket No. 21, won the hardanere buffet scarf raffled by Miss Carrie Harden. The proceeds, amounting to $25.00, have been handed to the G. W. V. A.

* * *

Last week Miss Kopps was reported as winning the first prize at the G. W. V. A. whist drive. This week Mrs. Kopps took home the ladies first prize. It looks like the Kops are copping all the prizes.

* * *

Miss Allen, who has been living with her sister, Mrs. C. V. Gibson, for the past two years, left last Wednesday morning for her old home in Missouri. Miss Allen made a host of friends in Redcliff during her residence here.

* * *

The new Canadian Pacific Railway transcontinental train, the "Trans-Canada Limited," passed through here Wednesday evening en route to Vancouver. The new service, including a daily train each way, will cut 24 hours of the regular running time from Montreal to Vancouver.

* * *

Great preparations are being made by the Ladies' Aid and managers of the Presbyterian church for a garden party to be held in the local park on the 18th of this month. Fuller announcement as to the program will be given in our next issue. In the meantime keep the date open.

* * *

Rev. E. R. McLean, inter-denominational field secretary for Sunday school work in this province, will hold special meetings in this district next week. On the 8th, afternoon and evening meetings will be held at Tripola and Brutus. On the evening of the 9th a meeting will be held in the school at Bowell. On the evening of the there will be a meeting in the Harvest Vale and on the evening of the 11th the meeting will be held in the Presbyterian church, Redcliff. All interested in Sunday school work, no matter to what church they belong, are asked to attend these meetings.

Mrs. W. Tavell left on Monday for California where she will visit friends for the summer.

* * *

Over 200 people were present at the opening of the G. W. V. A. club rooms on Tuesday night.

* * *

Mrs. Earl Fairbairn and child, of Morrin, are spending the week in town, the guests of Mrs. W. J. Fairbairn.

* * *

The Ladies Auxiliary to the G. W. V. A. are certainly to be praised for the very splendid supper arrangements on Tuesday night.

* * *

Redcliff football club goes to Medicine Hat tonight to play a schedule game with their old time rivals, the Vets. A close and exciting game is expected.

* * *

Trade groups of Canadian producers to marshal our forces and to shape our ideas for going after a bigger share of the after-war trade overseas are being favored by the Canadian Trade commission.

* * *

CHEN FEED FOR SALE In any quantity; price 3c per pound. Orders left at the Review with bags to hold same will be attended to and delivered. Orders may also be left with G. Lemon, Bowell.

* * *

Mrs. P. Campeau and her daughter, Helena, leave next Sunday evening for New York where they will spend the summer. Mrs. Campeau has not been enjoying the best of health lately and is making this trip with the intention of consulting specialists concerning her ailment.

* * *

J. Ellis met with a painful accident last Monday as a result of which he now has a badly disfigured face. He was leading his horse into the yard when it bolted and struck the gate. The gate flew back and struck Mr. Ellies on the nose and forhead, making a nasty gash.

* * *

Reports from different parts of the province indicate that the cut-worm has been doing considerable damage to the crops. In this district there are a few cases of damage from this source but so far the pest is not considered serious. The recent heavy rains are expected to stop the trouble from this source.

* * *

A trip through this part of the province will show that crop conditions are most favorable at present. Wheat is well up and is in a healthy condition. In all directions the prairie looks like a well kept lawn. Old settlers in the district say that prospects for a big crop never looked more encouraging than at present.

* * *

The St. Ambrose church members will hold their annual out-door fete on Thursday, June 12th on the church grounds. The proceedings will commence at 8 o'clock in the evening. A good program of games and amusements will be provided and refreshments will be served. All are invited to attend.

* * *

The C. P. R. agent announces that train No. 2 east bound which passes through at seven o'clock in the morning, will stop here to allow passengers from the west to detrain. This will be an improvement over previous summer schedules, as it will not be necessary now for Redcliff passengers to go on to the Hat an I come back on the noon train.

* * *

Arthur Williamson, son of D. Williamson, of the Box Springs district, passed through town on his way home from the Medicine Hat hospital, where he has been undergoing treatment for the past few weeks. It will be remembered that Arthur met with a runaway accident as a result of which his shoulder blade was dislocated. Although not completely recovered he is greatly improved.

IN MEMORIUM.

In memory of my dear son, Private Samuel Cairnes Miller of the 1st C. M. R., killed in action June 2nd, 1916, at Ypres. Age 25 years.
One precious to our hearts has gone;
The voice we loved is stilled;
No place made vacant in our home
Can never more be filled.

Our Father in his wisdom called
The boom his love had given;
And, though in earth his body lies,
The Soul is safe in heaven.
—Mother, Father, Sisters & Brothers.

NOTICE TO CREDITORS AND CLAIMANTS.

In the Estate of George Jeffery, late of Redcliff, in the Province of Alberta, farmer, deceased.

Notice is hereby given that all persons having claims upon the estate of the late George Jeffery, who died on the 12th day of August, A. D. 1916, are required to send to Walter M. Crocket and Company, of Chinook, Alberta, by the 20th day of June, A. D. 1919, a full statement duly verified, of their claims and any securities held by them, and that after that date the said Walter M. Crockett and Company will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been filed with or brought to their attention.

Dated this 12th day of May, A. D. 1919.

LUNNEY, & LENNAN,
Barristers, etc., Calgary, Alberta.
Approved:
J. L. JENNISON,
Judge District Cour.

NOTICE!

To Sinklair McLellan, formerly of Redcliff, Alberta.

THE HICKS TRADING CO.

$50 VICTORY BOND HOLDERS

In 1917, 699,415 $50 Victory Bonds were allotted to subscribers to the Victory Loan and, in 1918, 612,744 of the same denomination were allotted. This shows how important the small investor has become to the country.

It is quite probable that during two years $50 Victory Bonds were taken by nearly 1,000,000 people in Canada. One may be sure that very few of them ever bought a bond before. They were an addition to the big number of investers in government securities.

The problem is to retain them as such. War Savings Stamps may do this, they being a government "Baby Bond," which may be bought on easier terms than Victory Bonds were.

Draying and Teaming
